

Right Onward! Committee:

And the LORD answered me: "Write the vision; make it plain upon tablets, so that it can be read easily." (Habbakuk 2:2)

At the recent Diocesan Convention we unanimously adopted a new vision for our common life and ministry. It has been written down. Now it needs to be read.

To "read" the Vision is to take it into our parishes, our vestries, our soup kitchens and youth groups; to read the Vision is to take the words and make them ours. To assist our reading, the Right Onward! Committee has been formed to aid the Diocese in reading the vision in all these places and in celebrating how the vision is making a future for our faithful journey together. We look forward to hearing how the Vision is read in your parish.

Voices of the Vision:

"Liturgical Revival: Congregations incorporating new liturgical practices"
Bishop George Councill ("Big Poppa G") welcomes the Reverend Timothy ("Poppa T") Holder as the Rector of the historic Church of the Ascension, Atlantic City. HipHopE Mass came to New Jersey in a celebration with rap, incense, and chant on Ascension Day, May 17, 2007.

Tell Us Your Story:

Planning a Vision event? Already living the Vision? We would love to hear — and share — your story!
